"When He shall come with trumpet sound
 Oh may I then in Him be found
 Dressed in His righteousness alone
 Faultless, stand before the throne
 Christ alone, cornerstone
 Weak made strong, in the Savior's love
 Through the storm, He is Lord
 Lord of all" - Cornerstone by Hillsong

U.S. Staff Conference

The words of this song captured my (Scott's) heart this summer in Moby Gymnasium at Colorado State University. As my eyes traveled over the sea of Cru staff in the room, I was moved in worship of Jesus as I realized anew that all He accomplishes through this ministry is by His power and grace alone. We bring no benefit to Jesus on our own. For just one week every other year all 5,000+ Cru staff in the US gather for training, vision, worship, and fellowship. This year we sat at the feet of Allistair Begg and we heard vision from Steve Douglass, president of Cru. We heard reports and praises from ministry leaders from a score of different Cru ministries. For us in the Campus Ministry, and in the Leadership Development arena, our focus this year is "Placing healthy teams in priority locations". And our leaders are trusting God to use us this year to raise up 1,200 new laborers by September of 2014. Would you pray for that with us?

Back Surgery Update

Thank you SO much for praying for and giving to partner in my spine surgery! On May 20th I (Scott) had a very successful surgery. The pain I was experiencing was immediately gone! Of course there was a lot of healing pain to recover from. After six weeks of PT I'm moving a lot better with very little pain. It'll be a few months before I'm running or lifting anything heavy, but the doctors expect a full recovery! Praise God with us and please continue to pray for complete healing!

Fall Planning

Our team, the Leadership Development Team, spent time planning and praying for the academic year ahead. In line with our national priority of "Placing healthy teams in priority locations", we've identified four areas we will focus on: Recruiting, Equipping, Development, and Healthy Teams. Please pray with us for God to accomplish these things through our team this year, and ultimately to advance His Kingdom among college students.

Please Pray with us...

- For our entire regional office as we head out to the Inland Empire on September 23rd, 24th, and 25th to launch new student movements on several campuses. Pray God would surface student leaders, interested students, faculty, and bring students to faith in Him.
- For Quarter schools beginning this month. That our 21 staff teams and movements would connect with thousands of freshman and share the gospel thousands of times. That students would come to faith in Jesus and/or get connected with the body of believers on campus.
- For Becky, Sarah, and Ethan as they embark on a new school year. That family relationships would continue to grow, their faith in Jesus would strengthen, & they would enjoy learning!
