**October 25, 2013**

There are tens of thousands of college students in the San Bernardino/Riverside area. This year we have a new team starting up in the Inland Empire to pursue those students. To help launch new student movements in this area, Leo, the new team leader, enlisted the help of our regional office teams. So, September 23<sup>rd</sup> through 25<sup>th</sup>, 15 of us went to Cal State San Bernardino and UC Riverside to help launch new movements!

**Cal State San Bernardino**

There has been a small, formative, student-led movement there for a few years. We split up into pairs and walked the campus to pray for students in every area. Then we spent several hours approaching students with info about the Cru club on campus and asking them to fill out a Spiritual Interest Questionnaire (SIQ). In total we collected 526 SIQs that day! Some people we met were key to connect with on campus. Anthony is a student we met who is a believer. He's a junior at Cal State and the president of the new Black Student Union. He's also a Resident Advisor in the dorms and loves what Cru is about! His many commitments keep him busy, but also extremely connected to many students. Pray the Lord would give him wisdom on how to be an effective witness.

Leo and his student leaders have been following up all those students who expressed spiritual interest. At their first weekly meeting 40 students came! Last year they only had 12. And the following week God brought 50 students out to their weekly meeting!

**UC Riverside**

UCR was a clean slate; no movement, only one interested student, no faculty sponsorship, and no place to meet. So our focus was different there: Find students, whom God has already prepared, who have a heart to reach their campus with the Gospel. We prayed, handed out fliers, and introduced students to Cru and it's "launch meeting" at the "HUB" student union at noon. 15 students came! Officemate Joe and I went over to the Freshmen dorms. We handed out jumbo bouncy balls and laundry bags with our evangelistic website [everystudent.com](http://everystudent.com) on them. Two of our teammates were out connecting with students, they had the opportunity to meet Luo (pronounced Loo). Luo wanted to hear the gospel and ended up placing his faith in Christ that day! So that day, where there was earlier almost nothing, God brought new life and a group of students who will begin a movement for Christ at UCR.

**Pray For:**

- Follow-up of the hundreds of students contacted at Cal State San Bernardino
- For the movement at UCR to officially launch and get rolling. For faculty favor and sponsorship.
- For Scott & Becky as we make tons of decisions about the placement of our 220 staff and interns for their coming summer 2014.
- Upcoming Regional Staff Training Conference Nov. 20-22
- Crossroads Conference for Junior/Senior Students to understand that they are sent ones (Matthew 28:18-20) in whatever career God leads them into.

Thank you for your partnership in helping students know who Jesus is! Love, *Scott & Becky*
